Look out for the other dinosaur species as they roam freely at Jewel's indoor sanctuary - the Shiseido Forest Valley and HSBC Rain Vortex. Embark on a prehistoric quest to solve global warming

Immerse in the augmented reality game play through a TimeLens to see the dinosaurs in action within Jewel's lush indoor sanctuary

Play a character in the game and be assistant to the game's avatar lead, Ranger J99, as she goes on a mission to obtain an *AstroJewel* by travelling back in time. The *AstroJewel* is a special crystal found in certain asteroids millions of years ago, that has the power to help solve global warming today.
